When I prepared the original 12 day Pre-Runoff Report (02/19/04-03/24/04), I included the contribution from Gary Leyendecker in the amount of \$1000.00 and from J.C. Martin, III in the amount of \$1000.00, both received on February 19, 2004. I erroneously misread the report instructions to the 48 Hour Notice and miscalculated that the date for such reports began on February 19, 2004. I had figured that the 48 Hour reports were for contributions received from February 20, 2004. This is the first election I have ever worked and filed FEC reports for. It is, and always has been my intent, and the intent of the committee to file correct and accurate reports.
